Outdoor Digital Programmable Timer

Art. No.: **ET0008**

Best Connectivity

The Outdoor Digital Timer allows you to preset a maximum of 20 daily or weekly programs to activate and deactivate your electronic appliances. It not only provides energy efficiency, but you can also control your electronic devices conveniently without the trouble of plugging/ unplugging them all the time; it is a great solution for outdoor use.

Just Set & Go

Easy-to-program LCD display allows you to easily set the timer up in a couple of minutes.

20 Different Presets

Features different time and weekday combinations; save up to 20 different programs and repeat them daily or weekly.

Random and Countdown Setup

Gives you more convenience to change the schedule for a sudden situation; update weekly programs trouble-free.

Built-in Battery

Integrated backup battery keeps the settings saved when removed from the socket or in the event of a power outage.

IP44 Rating for Outdoor Use

Excellent for outside automation of lighting, heating systems, alarm systems, fish tanks, etc.
